# 2017 Camp Fury DE

For more information and to register visit  
[www.statefireschool.delaware.gov/camps.shtml](http://www.statefireschool.delaware.gov/camps.shtml)

Camp Fury Delaware will introduce young women (*ages 13-17*) to various fields available in emergency services, including:

- Fire Fighting & Hazardous Materials
- Rescue & Emergency Medical Services
- Fire Investigation & Fire Prevention
- Law Enforcement
- Emergency Management

Attendees will be led by women from these fields, sharing their personal experiences in achieving their goals.

The goal of this camp, is to show young women that they can be part of the fire and emergency services, succeeding and progressing through the ranks.

Young women introduced into the Fire & Emergency Services can begin early and have long, successful careers in the field.

The camp is designed to promote the Fire & Emergency Services to young women in the State, ages 13-17, and encourage their participation in the future. The attendees will participate in hands-on training, led by women experienced in these areas.

Those attending will receive a T-shirt and lunch both days.

There will also be female speakers who are leaders from various areas of Emergency Services.
